Are you are ready to try something different?

Then we would like to invite you to the EURAM 2011 Doctoral Colloquium!

Explore

Learn from leading management scholars! AND Learn from those, who have just finished...and survived their PhD!

In the first part of the colloquium experienced management scholars will share their knowledge in doing research and being a researcher. Learning from those scholars and asking them all the questions you’ve always wanted to ask is a great opportunity to become part of the management research community. Furthermore, we will invite participants of the 2009 and 2010 doctoral colloquium, who have just finished their PhD, to share their experience with you. Don’t miss this great opportunity to learn about the strategies that helped your peers and to get useful insights on how to survive a PhD.

For the first time, this session will be organized in two parallel tracks designed to meet the specific needs of students in different stages of their thesis. There will be a “**Management and Methods**” track dedicated to those who are in the middle of the process and a “**Design and Publication**” for those who think about finishing within 2011.

Experience

Learn from each other!

In the second and largest part of the colloquium you will discuss your papers in small groups – each supervised by a senior researcher. The aim is *not* to give a “traditional” paper presentation but to briefly outline your research and then seek for advice and feedback for the particular questions you have. To do so we will circulate the papers of each member of a particular discussion group in advance to make sure that each one can read the papers of the others already on his/her way to Tallinn.

Engage

Identify future trends of management research!

In the third part of the colloquium you will explore how to become part of the EURAM Community of researchers. We will invite you to become part of our growing online community and tell you – as prospective young academics – more about **EECC**, the European Early Career Community. Moreover, we are very happy to announce, that this year for the first time, **EURAM’s Special Interest Groups (SIGs)** will join in – not only with their scientific expertise – but also with information on the scientific development of EURAM that may be of great value for conference newcomers.

Express

Express your talent and win one of EURAMs paper awards for doctoral students!

Our scientific committee will select the winner of the “**EURAM 2011 Doctoral Colloquium Best Paper Award**” among all accepted full papers / proposals.
